PICTURE CAPTION

1980-81 Stewardship Resource Materials

80149 A catalogue of stewardship resource materials for use in the Episcopal Church in 1980-81 has been mailed to all parishes of the Church. This year's theme is "The Earth is the Lord's," and the logo, above in black and white, features earth tones to emphasize the theme. The basic items -- pledge folder, bulletin, inserts, folders -- all speak of God's care and love for his creation and of the calling of Christians to respond in faith and gratitude. The material is suitable for the parish's Every Member Canvass and other stewardship programs in the congregation, according to the Rev. Henry J. Free, Jr., Stewardship Officer at the Episcopal Church Center. The material was produced on behalf of and in cooperation with the Executive Council of the Episcopal Church by Seabury Professional Services. Each parish has received a copy of the catalogue and orders are to be sent to Seabury Service Center, Somers, Conn. 06071, telephone 203/749-2271.
